this is our life...

as students of

Alma Mater

On thy hills of green,
Like a stately queen,
We behold thee Blue Ridge High
Alma Mater thou, lead thy students now,
In the paths our minds should follow.
Hail to thee, oh majesty,
Teacher of the truth,
Guide and friend, with thee we spend
These golden moments of our youth.
But the time goes by, and the years will fly,
With the swiftness of the swallow.
Then we'll go our way, but a part of us
Will stay in thy halls, oh dear Blue Ridge,
Hail oh Blue Ridge High.

ADMINISTRATION

HOWARD F. C. THOMAS

Associate Superintendent

This year marks the commencement of the fourteenth class of Blue Ridge High School.

Whatever interpretation you may give to the word "commencement", it is my sincere hope that its true significance may be that it is a real commencing of a life for which we - teachers, administrators, and school board - have all done our concerted best to prepare you.

From this year on, you will be "on your own" so far as our efforts and direction are concerned. May you use your training in a way that will be a credit to you, as an individual, and to the schools of the Blue Ridge School District.

Principals

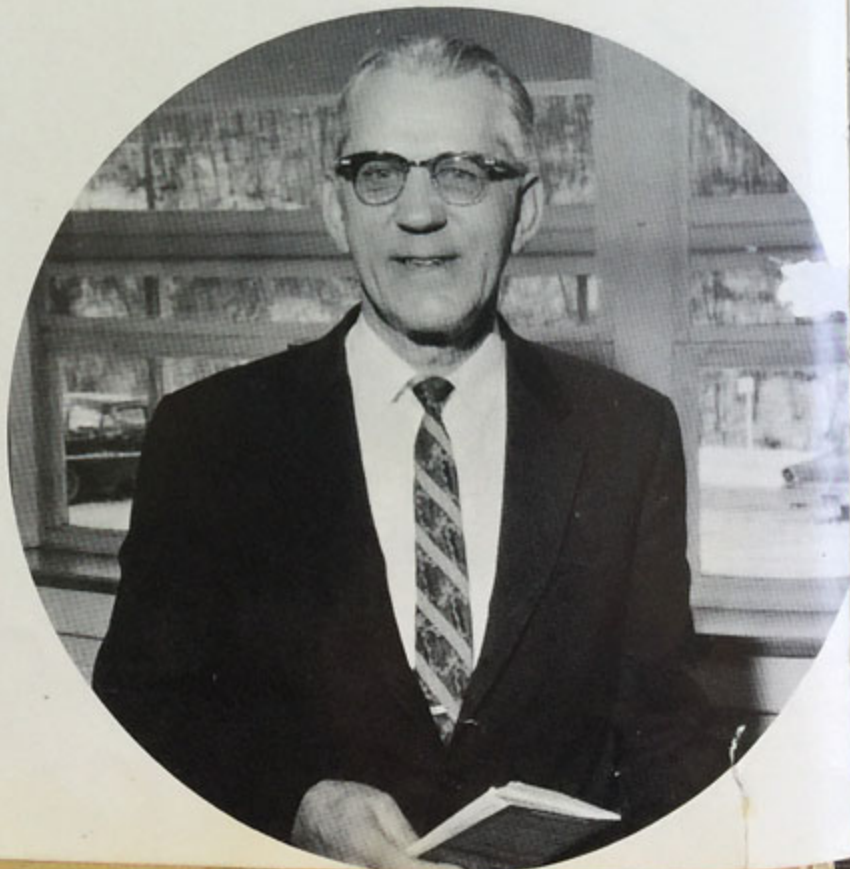

GEORGE E. SCHMICK

High School Principal

Fear and uncertainty are so prevalent today in the thinking of many high school boys and girls as they face the future in our ever-growing and complex social structure. It is our desire at Blue Ridge High School to give you two basic foundation blocks upon which to build a sound outlook for your future.

We put forth every effort to teach you the basic tools of learning and to help you develop a sound system of values. If you learn the principles, you will be able to adjust to technological change without undue stress. If you develop sound values, you will be able to face political, social, and economic changes calmly.

So fortified by education, you can face the world with confidence because you will have no reason, nor cause, to be afraid.
